Osler is consistently recognized as one of Canada's leading capital markets firms and has earned a Band 1 ranking in *Chambers Canada*, one of the world's leading legal publications. Our clients include major Canadian corporations, well-known multinationals, entrepreneurial and growth-oriented businesses and Canadian and global investment banks engaged in capital markets activities in Canada, the United States and internationally.

We advise on private placements, public offerings and alternative listing methods such as reverse takeovers and CPC transactions. We have extensive experience with financing methods such as initial public offerings, conventional bought deals, overnight marketed offerings, multijurisdictional disclosure (MJDS) offerings, discrete shelf prospectus offerings of equity and debt and medium-term note (MTN) programs.

Our debt practice covers a broad spectrum of products that includes investment-grade debt, commercial paper, high-yield debt, "Maple" bonds, securitized and asset-backed debt, covered bond programs, convertible debt and hybrid and novel products. We are also known for our expertise in regulatory matters relating to corporate finance transactions, including advising on trading, registration, settlement and compliance matters.
